Using the SD County Census Tracts Map

WITH AMERICAN FACTFINDER

NSG412
COMMUNITY HEALTHCARE DELIVERY
First, go to the **SD County census tracts map**.
Zoom in to find a census tract you are interested in.
Next, go to American FactFinder.
Click on “Advanced Search”, then “Show Me All”.
Click on “Geographies” on the left side.
Select the geographic type “Census Tract”, follow the prompts, select your census tract, and Add To Your Selections.
You’ve now selected the census tract. Click “Close”.

[Image of the FactFinder website interface with a highlighted section showing the selected census tract for San Diego County, California.]
Use “Selected Social Characteristics” for general data, or explore other results for more specific data.
Thank you.
